

THE PRESENT IS THE KEY TO THE PAST: MODERN SEDIMENTARY PROCESSES AND THEIR RECORD

Smoldzino, 21-26 June 2010

www.pokos4.amu.edu.pl

Dear Colleagues,

We thank you for the preliminary registrations and we ask all the interested persons who have not registered yet to send the registration forms. The final deadline for the registration, abstract submission and conference fee payment is on the **15th February 2010**. The persons, who would register after this deadline will be charged with higher conference fee.

The conference fee (regular 400 PLN, and 200 PLN for PhD students) covers costs of participation on oral and poster sessions, volume of conference abstracts, breakfasts, lunches and dinners on 23rd and 24th of June, ice-breaker party on 22nd of June and welcome dinner on the 23rd.

Besides sessions we offer two field trips (details are already included in First Circular and on the conference web site):

- Pre-conference field trip (21-22 June 2010): **Quaternary processes of erosion and accumulation on the middle polish Baltic coast**
- Post-conference field trip (25-26 June 2010): **Deposits of the Vistulian glaciation on the Middle Pomerania**

Details on the form of payment and accommodation you will find in the following parts of this circular and the conference webpage. In case of questions please contact us through email: pokos4@amu.edu.pl

You are cordially invited to participate in the conference !

Scientific committee:

prof. dr. Stanisław Lorenc
prof. dr. Karol Rotnicki
prof. dr. Krzysztof Borowka
prof. dr. Tomasz Zielinski

Organization committee:

dr. Joanna Rotnicka
dr. Robert Jagodzinski
dr. Jarosław Jasiewicz
dr. Grzegorz Rachlewicz
dr. Katarzyna Skolasinska
dr. Witold Szczucinski

PROGRAMME:

20 June 2010	– registration of participants taking part in the pre-conference field trip
21-22 June 2010	– pre-conference field trip
22 June 2010	– ice-breaker party
22 & 23 June 2010	– registration of the other participant
23 June 2010	– welcome dinner
23-24 June 2010	– oral and poster sessions
25-26 June 2010	– post-conference field trip

The detail programme of the conference will be presented in the 3rd circular, which will be send in May 2010 for the registered persons.

CONFERENCE VENUE and FEES:

The conference will be held in a small village **Smoldzino** in the vicinity of the Slovinski National Park (central part of Polish Baltic Sea coast). This area is of particular interest because of large dunes, spits, lagoons, long beaches and complex coastline evolution (www.slowinski.pn.pl).

The **accomodation** during the conference will be granted in pension "U Bernackich" in **Smoldzino**: ul. Bohaterów Warszawy 26, tel.: +48 59 8117364, www.ubernackich.pl . Conference fees does not include the accomodation costs (65 PLN per night in double-bed room).

The fees calculated in 'Registration form' should be paid on the following bank account:

Adam Mickiewicz University

Wieniawskiego 1, 61-712 Poznan

Bank Zachodni WBK S.A. **77 1090 1362 0000 0000 36017903**

title – **[subkonto nr 711 966 POKOS'4, name_surname (of participant)]**.

In case of cancellation, 100% of refund will be given until the 15th of March, 2010 and 50% after this date.

CONFERENCE MATERIALS

During the conference all the participants will be provided with a volume including abstracts of all the presentation and a guide to the field trips. Moreover, at the end of 2010, all the participants will receive a special post-conference issue of GEOLOGOS (www.geologos.com.pl) containing the reviewed full papers.

For the detailed guide for authors of full papers, follow the instruction on the GEOLOGOS journal web page (www.geologos.com.pl). Please send conference abstracts as MS Word attachment prepared according to guidelines available on the conference webpage (<http://www.pokos4.amu.edu.pl/abstracts.html>).

IMPORTANT DATES:

15 February 2010	– deadline for registration, submission of abstracts and payment of conference fee
May 2010	– third circular containing detailed programme
21-26 June 2010	– POKOS'4
15 July 2010	– submission of full papers to GEOLOGOS
